MARCH 2019

## Counseling Department News

Course Registration for 2019-2020 is underway! We met with sophomores in history & English classes in February and discussed course selections for the junior year and briefly reviewed Naviance. Counselors are now meeting individually with students to review their course requests and “lock” them in for next year. Changes can still be made after requests are locked by communicating with your child’s counselor. Please let us know if you have questions!

Current sophomores are eligible to enroll in a CTE (Career and Technical Education) program at BOCES for their junior year. Students spend a half day at the BOCES center and the other half here at the high school fulfilling academic requirements. There is a BOCES Open House for students and parents on March 13<sup>th</sup> from 6-8 p.m. You can find out more about the CTE programs offered at BOCES at <https://www.oneida-boces.org/domain/25>

As students think about course selections for next year, please keep in mind not only fulfilling graduation requirements but also continuing to build your academic resume for college admission purposes.

## KEEP THIS IN MIND

Are you currently taking AP Chemistry or AP European History? If so, you may want to consider taking SAT Subject Tests. Some selective colleges require Subject Tests for admission. Test dates are May 4<sup>th</sup> and June 1<sup>st</sup>. You can register at <https://collegereadiness.collegeboard.org/sat/register>. Please see your counselor if you receive free/reduced lunch or need assistance paying the exam fees.
